It breaks my heart to post a bike like this but I'm moving and can't take it with me and this bike deserves attention. I have a

project Kawasaki I'm finishing up and haven't had the extra money to fix it. I flipped it a little while back and for what it was the damage is pretty minimal. Rideable fix would entail a new rear sub frame/ taillight/ and throttle handle. A total fix would include the rear tail fairing and seat (which I still have just scratched up) and new tank if you can't live with the dents and a windscreen. I'm an honest dude so I will give it to

still make payments on it I still owe about 6k my payments are 214.13/Mon which ain't shit so if you take over payments and get it refinanced you would pay even less than that I wouldn't insure it til you get it running should cost a couple grand for parts and total repair if you do it yourself. Has a GPS tracker in it and more amazing bike handles like a dream. Text me with questions if serious buyer plz. AND NO I WILL NOT KEEP THE BIKE IN MY NAME!
